F

1) Got a troubled mind and I'm feelin' sad

I've lost the only love that I ever had

Since he's gone and left this town

My love came tumblin' down

CHORUS:

Oh yes, a tumblin', a tumblin', a tumblin' down

Tumblin', tumblin', tumblin' down

A tumblin', a tumblin', a tumblin' down

My love came tumblin' down

C

2) Days are long and nights are lonely

I've lost my love my one and only

Like autumn leaves fallin' on the ground

My love came tumblin' down

Chorus

3) Now I'm left with memories

The happiest days that used to be

Now you're gone and homeward bound

My love came tumblin' down
