Call Of The Bellbird - Marius, Fabian and Berard Webb (3/4) Sung in two part harmony: (Starting note "been" Low=A High=C#) 1. Α **E7** I've been a wayward wanderer, but found I like to rest In my home up in the mountains, the place I love the best. I <u>wandered</u> to the city in quest of better <u>times</u> But now I am returning to my home up in the pines. **Chorus:** (Starting note "ring" Low=**D** High=**F#**) D So ring your bell, bellbird, you're a-calling me back home To my home up in the mountains no more I will roam D For there will be contentment, and my heart will be at ease ~ A Where the <u>bell</u>bird's call at evening floats <u>on</u> the mountain <u>breeze</u> 2. Α **E7** It <u>seems</u> I hear the bellbird in the valley far below It brings back old-time memories of the days so long ago So I'm finished with my wandering - I'm goin' to settle down In this wild little valley 'bout a hundred miles from town CHORUS, 3. I'm <u>leaving</u> in the morning - I'll soon be back again **E7** To my life up in the mountains where my heart will know no pain And then again at evening I'll sit outside the door E7 Just to listen to the bellbirds and hear their call once more CHORUS, **E7 E7** Α Ring ting-a-ling-a ring ting-a-ling-a bellbird Ring ting-a-ling-a call me back home **E7** Ring ting-a-ling-a ring ting-a-ling-a bellbird

Ring ting-a-ling-a call me back home
