As sure as there's a heaven beyond the sun
C G G7 C
We'll pay for your lies one by one

1. **C F C**
My plans and hopes have tumbled down
C G7
My castle of dreams plunged to the ground

How can you face me after what you've done
C G7 C
You shattered my dreams one by one

How can you go to sleep at night
C G7
Don't old memories make you long for daylight

The love I treasured you sold for gold

Your false loves will leave you one by one
