

## She Thinks I Still Care – George Jones

C F C  
Just because I ask a friend about her,  
C G7 C  
Just because I spoke her name somewhere,  
C C7 F  
Just because I rang her number by mistake today,  
C G7 C  
She thinks I still care

C F C  
Just because I haunt the same old places  
C G7 C  
Where the memory of her lingers everywhere,  
C C7 F  
Just because I'm not the happy guy I used to be,  
C G7 C  
She thinks I still care

### **BRIDGE:**

C F C  
*But if she's happy thinkin' I still need her,*  
C G  
*Then let that silly notion bring her cheer*  
F C  
*Oh, how could she ever be so foolish,*  
D7 G7  
*Oh where would she get such an idea?*

C F C  
Just because I ask a friend about her,  
C G7 C  
Just because I spoke her name somewhere,  
C C7 F  
Just because when I saw her then I went all to pieces,  
C G7 C  
She thinks I still care
