

Everybody Loves Somebody - Dean Martin/Frank Sinatra

G B7 C - E7
1. Everybody loves somebody sometime,
Am F D - D7
everybody falls in love somehow.
G Bm Am
Something in your kiss just told me,
D - D7 G - D7
My sometime is now.

G B7 C - E7
2. Everybody finds somebody someplace,
Am F D - D7
There's no telling where love may appear.
G Bm Am
Something in my heart keeps saying
D - D7 G
My someplace is here.

CHORUS:

G Dm G7
If I had it in my power,
C E7 Am
I would arrange for every girl to have your charms.
Em A7
Then every minute, every hour,
Am E7 Am - D7
every boy would find what I've found in your arms.

G B7 C - E7
3. Everybody loves somebody sometime,
Am F D - D7
and although my dream was overdue,
G Bm Am
your love made it well worth waiting,
D - D7 G
for someone like you.

CHORUS + Verse 3
